

## Polaris Release Plans & Notes - Export release notes

#	Subject
5988	Website: Search for all contents and documents
7070	Website: Calendar>Event>Registration: the title should not display HTML code
7056	Start of polaris page is too slow
7061	Special units>Members: Prospects must be excluded for the special clubs (RS, RFO, RFE and RCO) as for the RD and RMC type of units
7063	Serial letters: delete a letter
7054	Rotaract Functions not shown in District member list utility
7069	Presence statistic: difference in display and export
7051	Not all locations appear in the bottom of the home page.
7047	No e-mail is sent for public events after registration
7052	Nested numbered and bullet lists are not displayed correctly in FE
7048	Move field "Salutation type" from Parameter tab to Private tab
7062	Missing labels
7060	Members>Presence: wrong calculation for members entering and/or leaving in the course of a period
7058	Members: all listviews must allow to list the financial view
7049	Include magazine subscription in XML sent to SEMDA
7055	If no active members exist in a unit, show guests as members in FE
7045	Execute a script which will set the "Welcome letter" sent date.
7057	Description and Speaker in the ICS / iCal file do not work in Outlook
6964	Create monitor which can detect that e-mails sent by Polaris (via queue) are not processed by Postal
7068	Club life > Calendar : the Export file must take in account the filtered time boundaries
7064	Calendar>Events: a negative number of attending visitors is odd
7067	Calendar>Edit event>Questions: the dependency to a Yes-No question must be displayed
7065	Calendar>Edit event>Participant>Update participant: the status must be displayed
7059	Calendar: promote the use of past events for reports and of their dispatching thru the newsletters
7053	Allow member deletion only in his home unit
7050	"Home unit entrydate" cannot be changed
