Title: NEW : Integrated Online-payment

Dear club officers,

we are pleased to inform you that the long-awaited **"Online Payment"** functionality is now available to all clubs and other organizations (Districts, Foundations, Fellowships ...). **This Polaris enhancement offers an efficient and secure solution that simplifies your management of transactions for events, product sales and donations.**

[Here](#) you'll find all the information you need about these features, including examples, terms of use, prices and account verification details.

### **For Clubs, Fellowships or other club-level organizations:**

**Use of the platform is free of charge - only standard transaction fees for payments made apply.**

To process online payments, **Polaris** has partnered with **Payrex**, a Swiss-based payment service provider. **The creation of the required Payrex account should ideally be done in collaboration between the CICO and the treasurer.**

Please do not hesitate to contact me should you have any questions.

Best Rotarian regards
